INFORMATION LETTER

of the international scientific and practical conference on

“MODERN PROBLEMS AND SOLUTIONS OF METROLOGY IN THE GLOBALIZATION OF MODERN INDUSTRY NETWORKS AND SCIENTIFIC DEVELOPMENT”

May 22-23, 2024

ANDIJAN

INFORMATION LETTER

According to the order of the Minister of Higher Education, Science and Innovation of the Republic of Uzbekistan dated January 16, 2024 (Appendix 1), on May 22-23, 2024, the World Metrology Day "Modern Industrial Development" will be held at the Andijan Mechanical Engineering Institute International scientific-practical conference will be held on the topic of "modern problems of metrology and ways to solve them in the conditions of globalization of production networks and scientific development". The theme of World Metrology Day 2024 is "Measure today for tomorrow's sustainability".

Areas of topics to be discussed at the conference:

1. **Modern problems of metrology and ways to solve them in the context of globalization of modern industrial production networks**
2. **Modern problems of metrology and ways to solve them in the conditions of globalization of scientific development**
3. **Digitization of measurements in mechanical engineering: problems in implementation**
4. **Medical metrology and measurements for health**

Professors and teachers of foreign countries and our republic are invited to participate in the international scientific-practical conference.

The program and a set of materials will be published before the start of the conference. The collection of conference materials is given a book number in the UDK, BBK, library index. Conference materials for participation in the conference will be accepted until May 10, 2024.

Requirements for registration of the conference materials to be presented:

The conference materials and the application should be made in two files and sent in one letter. The file should be named in Word format with the reference number and the author's last name, for example: "1-Sulaymanov Sh.doc".

It is mandatory to submit an application form of the conference participant.

Conference materials should be sent by telegram to +998979917040 (foreign participants by e-mail **tursunovbotirjon51@gmail.com**).

The presented material is written in Times New Roman version 14 font in the size of 3-5 pages on A4 paper. The dimensions of the paper's borders are: from the left - 2.5 cm, from the right - 2.0 cm, from the top - 2.5 cm and from the bottom - 2 cm. 1.0 cm is left for the beginning of the line. The text should be width-justified (po shirine). 1.5 spacing between rows.

The name of the conference materials is written in the center with bold capital letters. The next line is skipped. The author's FISh, scientific degree and title are written on the next line. The full name of the organization, city, country, e-mail and additional identifying information are written in small letters without leaving a line under them. The next line is skipped and the text of the article is written from the next line. Links to sources should appear in the main text in the form [1] (see example).

Working languages of the conference: Uzbek, Russian and English.

A confirmation letter will be sent to the author's e-mail within three days after receiving the material by the organizing committee.

1. Organizational contribution of the conference and publication costs of the materials set are set at 100,000 soums for one article and one thesis (the contribution is not charged for articles and theses prepared by masters, students and foreign participants).

2. One participant can present a maximum of 2 conference materials.

TEMPLATE

NAME OF CONFERENCE MATERIAL

Author's full name, academic degree and title
Organization, city, country
e-mail/ORCID

Main text [1].

3. …….

A sample of the conference participant's application:

1. Full name _____
2. Academic degree and title _____
3. Workplace, position_____
4. Conference reference number _____
5. Name of the conference material_____
6. Telephone_____
7. E-mail_____

ATTENTION!

Conference materials and applications for participation in the international conference will be accepted until May 10, 2024.

Payment for organizational contribution and publication costs is submitted at the same time as the article.

Only abstracts of authors recommended for publication by the editorial board and who have paid for the publication costs will be published.

The author(s) are responsible for the content of the conference proceedings, the attribution of the information to the author(s), and the accuracy of the sources cited.

The editor has the right not to include materials that do not meet the above requirements in the conference program and collection.

Conference materials that do not meet the requirements and are submitted late will not be accepted and will not be returned to the authors.

The following topics have been selected for lectures (reports) in order to hold the conference meaningfully and effectively, and to disseminate scientific research works to the general public.:

1. The essence and role of metrology in the production of goods and services
2. Uzbekistan: metrology yesterday and today
3. Processing of measurement results: the importance of digitization
4. Normative and technical aspects of use in the design, production, and development of measuring instruments
5. Scientific and methodological bases of measurements and metrological supply
6. Digital metrology: development prospects and dynamics
7. Modern problems of metrology in production and scientific development

Based on the above lectures, after the conference, a scientific article will be prepared and submitted to journals indexed in authoritative databases as co-authors.

The conference will also include other lectures on branch topics.

Address: Andijan city, Babur shox street, house 39.

Those responsible for holding the conference:

1. Head of the "Metrology, standardization and product quality management" department - Sh.Sulaymonov, associate professors Z.B.Juraev, A.K.Sativaldiyev, Sh.M.Esanova, U.M.Muminov, senior teacher M.O.Sattarov, assistant B.Tursunov.
2. U. Ismailov, head of the department of the Andijan branch of the National Metrology Institute of Uzbekistan, specialist G. Shertoylokova.
